### The Cessna Citation Bravo Experience

The Cessna Citation Bravo provides more power for less money, with longer endurance and faster speeds as well as short-field performance and high operating altitudes. As you step up into the Bravo's wide airstair entry and take your seat, the clamor and rush of the outside world seem to quietly fade away. With comfortable, pedestal-mounted swivel chairs, more seated headroom, and soundproofing, it's easy to see this is a place where business was meant to be conducted.
